

Broad features of the categories added on GeM for temporary hospitals

The categories related to "temporary hospital" are live and sellers are being onboarded. GeM has a "seller invitation module" for enabling buyers to invite sellers to onboard GeM. Further, new categories which are not on GeM can also be requested through the "seller and category crowdsourcing module" on GeM. The GeM team is continuously taking feedback for enhancing these features. GeM have a dedicated team in GeM which continuously monitors and updates COVID-19 related categories. The dedicated COVID-19 page on GeM may be accessed at <https://gem.gov.in/covid19>

For further details please contact "Manju Sharma" manju.sharma64@gem.gov.in.
