### 1.1.1 Generate User I'D

- If the candidate has applied multiple posts with multiple users I'd and the candidate has also forgotten his/her email id. Candidate has to select the personal detail option for getting their email id's. After clicking on the personal detail option below mentioned screen will appear.

The screenshot shows a web form titled "Get User Id". At the top, there are three radio buttons: "Email Id", "Mobile Number", and "Personal Details". The "Personal Details" radio button is selected. Below the radio buttons are four input fields: "Aadhaar Number:", "DOB:\*" (with "Date of Birth" as a placeholder), "Father's Name:\*", and "Mother's Name:\*". At the bottom center of the form is a green button labeled "Get User Id".

- Candidate has to fill their details and have to click on the "Get User I'd" button. After filling all details and clicking the on the get user id button. The entire registered mail id as per the given details will appear with radio button icon.

The screenshot shows the same "Get User Id" form, but now with data entered in the fields. The "Personal Details" radio button is selected. The "Aadhaar Number:" field is empty. The "DOB:\*" field contains "1996-04-10". The "Father's Name:\*" field contains "vishnu". The "Mother's Name:\*" field contains "malta". Below the "Mother's Name" field is a "Select Email\*" section with a list of email addresses, each with a radio button. The first email address, "akshaynagre21@gmail.com", is selected. At the bottom center of the form is a green button labeled "Get User Id". Below the form, there is a dark blue footer bar with the text "Helpline number : 8800192240".

- Candidate has to select each email id to get their user id on their registered mail. Below mentioned mail will receive to the candidate.
